# CARBON COUNTY STEAKHOUSE

At Carbon County Steakhouse, we believe wine should enhance the meal, not complicate it. Our wine list was built to offer something for every kind of evening, a crisp glass to begin dinner, a familiar favorite to pair with steak, a bold bottle for the table, or a special selection for a memorable occasion. Rather than asking every guest to know every varietal, vintage, or region, this list is organized to make choosing wine feel approachable. You will find wines grouped first by style and region, then by varietal, so you can start with what you enjoy and move naturally toward the bottle that best fits your meal.

California selections bring familiar steakhouse favorites, from rich Chardonnay to structured Cabernet Sauvignon. The Northwest offers bright, balanced whites and elegant reds, especially from Oregon and Washington. Our international selections highlight classic wine regions and distinctive bottles from France, Italy, Spain, Argentina, Germany, and beyond.

Whether you are looking for something light and refreshing, smooth and easy-drinking, bold enough for a ribeye, or cellar-worthy for a celebration, our goal is to help you find a wine that feels right for the moment. We invite you to explore, ask questions, and enjoy the experience. Our team is happy to guide you toward a trusted favorite, a thoughtful pairing, or something new to discover.
